"We are very proud of our partnership with the Collaboration Council and MCPS that helps to keep kids safe and inspires learning," said Recreation Director Gabe Alborno.
"This collaboration ensures that students have the extra enrichment they need in a safe, nurturing environment after the academic school day ends."

Currently, Excel Beyond the Bell's Middle School Pilot is being offered at Clemente, Argyle, Loiederman, Forest Oak, and Neelsville Middle Schools. Together, Montgomery County is building a sustainable system offering safe, quality and accessible out-of-school time programs that inspire its children and youth to reach their full potential.
